

Acknowledge the Truth

In each and every suffering there is truth to be known and eventually be brought into the heart and mind. It is acknowledging the truth that GOD is always there and never for a moment does He leave or abandon us. In this truth we can trust.

Tossing the Net Into the Sea

Sharing GOD's love is like tossing the net into the sea with the ardent hope that one way or the other we will have a catch.

Spreading GOD's Gospel

Regardless how minimal we get ourselves involved in spreading GOD's gospel, as long as we believe and we put our mind, soul and heart into it, we know that we will be able to touch people's lives with love and hope. Where we sow, the seed will grow...

The Value of His Love

The HOLY SPIRIT continues to teach us the real meaning of GOD's love. How beautiful to reminisce the life of the LORD JESUS. How wonderful to know that He did all what He did because of His love for us all. It is when we take that time to think of His life and come to understand the value of His love that we become steadfast in our faith and in our commitment to Him. Knowing that He offered His life for our sake inspires us and keeps us glued to Him even more.

He Embraces Us

Each day the LORD mends so many hearts and revives many faltering souls. He embraces us lovingly! He hears the slightest murmurs of His children's hearts. He brings peace and contentment to their spirits. He never gets tired listening to their needs and their hunger for freedom.

Let us bask in GOD's truth!
